We light our chalice and say a few words of inspiration. We always light a second chalice to remember our partners in Ulay/Cabiguhan The Philippines.

2

2

We begin our service by lighting our chalice. We think about the words that are read when the chalice is lighted.

We sing songs together  
and listen to the sermon.  
We all share our thoughts and our joys  
and concerns.

We gather at the front of the  
sanctuary to hear a story before the  
adults sing us out to our religious  
education classes.

Sometimes we stay and sing for the whole congregation.

Children often sing a song for the  
Congregation.

We make our guests and visitors feel  
welcome by smiling at them and  
and talking to them.

We have fun in our religious education  
classes while we learn important  
lessons about our faith.

We have a children's coffee hour after our religious education classes so we can enjoy refreshments together and talk with all our friends.

6

9

It is not easy for many of our members to make the long, hard walk to the chapel, but we are happy to see each other when we come together.

7

After the service  
we all stay  
to share a meal together.

Some Sundays we gather  
in the sanctuary  
for a special children's chapel.
